

REMARKS

Responsive to the action mailed July 5, 2005, applicants elect the invention of Group II (claim 2 and the claims dependent therefrom), directed to a light emitting device in which light is emitting to a side opposite to the surface of the substrate. The election is made without traverse.

Claims 1-3, 7, 8, 11, 12 and 15-21 are pending in the application. Claim 4 was previously canceled and claims 5, 6, 9, 10, 13 and 14 have been canceled herein. Claims 1, 2, 16 and 17 have been amended. No new matter is introduced. Since claims 1 and 2 are believed to be generic to Groups I and II, all of the pending claims are believed to correspond to the invention of Group II.

No fees are believed due. Please apply any other charges or credits to deposit account 06-1050.

Respectfully submitted,

Date: August 5, 2005
